

# *Where there is love, there is light.*

*Laten we ons met elkaar verbinden...*

*Laten we samen zingen...*

*Dat we ons verlicht voelen en licht verspreiden...*

*Samen...*

We are singing, we are singing, in connexion, side by side. We are singing, we are singing for all human love, peace and light.

If the people lived their lives as if it were a song for singing out of light, provides the music for the stars to be dancing circles in the night.

Light

Als alles duister is ontsteek dan een lichtend vuur dat nooit meer dooft, vuur dat nooit meer dooft.

Kindle a flame, to lighten the dark and take all fears away.

Rise up o flame by the light glowing. Bring to us beauty, vision and joy.

I'll bring you light with this song, a candle of light specially for you.

Let us share and spread our lights all around the world.

Let us sing with happiness and joy and love and spread light.

Uit hart en ziel, zang en stilte
